- The costs of required textbooks are not included in the tuition cost and are the responsibility of the student. Refer to the CCEI website for required textbook information.
- Students who have completed less than 1% of the coursework have a five (5) day grace period to withdraw and receive a full refund of Tuition Cost and Application Fees. Students requesting withdrawal thereafter are subject to the terms of the CCEI Refund Policy. Application Fees are considered non-refundable after the five (5) day grace period. Please refer to the CCEI Refund Policy for details and procedures.
- CCEI does not grant the Child Development Associate (CDA) credential. That is done by the Council for Professional Recognition. CCEI's CDA programs meet the coursework requirement of the credential and the Council has other requirements unrelated to CCEI's programs.
- CCEI is not a degree granting institution and does not grant college credit. CCEI does have partnerships with a number of colleges and universities for articulation credit of CCEI coursework. See the CCEI website for a complete list of these partnerships and how each one works.

* A multi-unit discount of 24% off tuition may be applied when purchasing six (6) or more units of the specified programs.

PROFESSIONAL DEVELOPMENT (Plans do not include complete CDA coursework)
